Description :

PDF-4e710 | Imperialism in the eyes of the world is still Europe's original sin, even though the empires themselves have long since disappeared. Among the most egregious of imperial acts was Victorian Britain's seemingly random partition of Africa. In this classic work of history, a standard text for generations of students and historians now again available, the authors provide a unique account of the mo... *Africa and the Victorians: The Official Mind of Imperialism*
