Description :

PDF-83102 | The remarkable but neglected story of Aristotle's founding role in the scientific study of nature Both a travelogue and a study of the origins of science, *The Lagoon* shows how an ancient thinker still has much to teach us today. Aristotle's philosophy looms large over the history of Western thought, but the subject he most loved was biology. He wrote vast treatises on animals, dissecting th... *The Lagoon: How Aristotle Invented Science*
