Description :

PDF-7a9dc | After the Cold War, Africa earned the dubious distinction of being the world's most bloody continent. But how can we explain this proliferation of armed conflicts? What caused them and what were their main characteristics? And what did the world's governments do to stop them? In this fully revised and updated second edition of his popular text, Paul Williams offers an in-depth and wide-ranging ass... *War and Conflict in Africa*
